The infantry officers' training camp which was to open at Fremont, Cal., Dec. 1 has been called off. Word was received through the Associated Press this morning that plans for it have been abandoned. A number of Chattanoogans have been accepted for the camp.

Lieut. Hugh L. C. Stevens, the officer sent here from Atlanta to take charge of applications, has not received instructions as to his future station.

May Extend to Chattaneoga, Say Local Officials.

Charleston, S. C., Nov. 12.—At noon today, the employes of the Southern Express company at Charleston went on a strike. Information here is that the strike extends over the territory served by the Southern Express company.

The local organization of express clerks is awaiting word from the president of the national organization of railway clerks and the action to be taken here, if any, will depend on his reply. In the event a strike is called in Chattaneoga, it will affect about 500 clerks.

PRESS SUPPORT AMPLE

Amsterdam, Monday, Nov. 11.—An agreement has been reached between the gardeneous and the red fing flies over the whole German fiation.

When Chancellor Ebert goes abroad from his office, the red banner is always flung from his automobile.

That the socialists fear that civil war may develon without error.

Amsterdam, Monday, Nov. 11.—An agreement has been reached between the sessialist and independent socialist parties in Germany and the new regime seems to have obtained ample support from the press. In addition to the Wolff bureau, the socialists are represented by three newspapers, the Vorwaeris, the Lokal Anzeiger, formerly the emperors favorite newspaper, and now re-christened the "Red Flag" and the former semi-official, organ, the North German Gazette, which has taken the new title of "The International."

The revolutionary movement is continually apreading. Koenigsberg, Frankfort-on-the-Main, and Strassburg are controlled by the soviets. It is officially reported that there are no disorders.

The statement issued by the Berlin soldiers' and workmen's council says that all public services have been placed under the control of the council and that all the leading offices are being filled by the comrades. The administration it adds, is retained, "but its leaders are inapired with the spirit of liberty."

The foundation of the German republic was proclaimed by Philipp Schneideman from the steps of the reichstag building.

NO LET-UP IN WORK

London. Nov. 12.—(British Wireless Press.)—The German Grand Duchy of Hesse has proclaimed a republic, said a dispatch from Geneva today.

The German workmen and soldiers council at Hamburg has received word from Wilhelmshaven that the Grand Duke of Oldenburg has been ousted by the revolutionaries.

OF COURSE NOT

But Some People Think Food Administration Will Cease.

It is the opinion of a number of
Chattanoogans now that the war is
over that the United States food administration will go out of business.
Supt. J. W. Abel, administrator for
Hamilton controls.

Hamilton county, says that this is not so, but that on the other hand not so, but that on the other hand it is more important now than ever before that the food program be carried out. This country will not only be called upon to feed the allies during the reconstruction period, but he brought out that, as announced from Washington over the Associated Press Monday, this country would also probably be called upon to feed the German nation. If the United States expects the German people to abide by their terms as well as those of the allied countries, it is the opinion of by their terms as well as those of allied countries, it is the opinion of the administrator that they will have

to send food there.

Mr. Abel stated further that he did not believe that the program relative to food regulations throughout the country, could possibly be abandoned before ta year. He received a letter from the state food administrator at Nashville urging him to stress upon the citizens of Hamilton county the importance of holding strictly to business, and to not let up at all in the ness, and to not let up at all in the food conservation program.

VILE TASTE BLISTERED MOUTH Oklahoma Lady Had Dreadful

Time Before Finding the Right

Remedy-Black-Draught. Seward, Okla .- Mrs. Annie Bowlby, of this place, says in a letter written for publication: "I have used Black-Draught for two years, or more, and will never cease to be grateful for what it did for me and mine.

Some time ago, my mouth broke out with blisters. I had a vile taste in my mouth, all slick and disagreeable, I seemed to have a great deal of inward fever. I suffered with my back and kidneys I was so nervous, it was dreadful.

I would almost cry-I suffered so. I

had gas on the stomach and pains, but,

as I said, the pain and ... trouble was

most severe. I had the doctor and used several medicines without result. Still hurting and suffering, I began to use Thedford's Black-Draught, making it into a tea, and using a teaspoonful dose at a time in hot water. I gradually got better, my liver began to act, the fever went down and I have never had any more trouble of this

There is no other medicine so good as Black-Draught."

You will say that, too, when you have given Thedford's Black-Draught a trial.

It is a good medicine. Buy a package today. All druggists sell Black-Draught.
